**Subject:** Letter of interest to serve on the Library Board

Dear Assembly,

I am Elisa Teodori, I come from Italy and have been living in Petersburg for the past 5 years. I am very grateful to have found this place and its loving, inspiring community.

I am writing to express my interest to become part of the library board, filling the position that just opened till next election.

I feel this is a good opportunity for me to get more involved in the community, being part of the important service the library offers to us, and to give a little back to this town that has given me so much.

Thank you!

Sincerely,  
Elisa Teodori
