Subject: extension of emergency powers

Dear Borough Manager Giesbrecht and Assembly Members,

In light of the current status of Covid-19 in Petersburg, the state of Alaska, please vote NO to extend the emergency provisions as there is no emergency.

With almost 250 tests conducted on Petersburg people over the course of many weeks, with only 3 positives and a few still outstanding, this virus has not exploded nor created the disruption that so many experts predicted. It seemed the purpose of the initial emergency provision was to 'flatten the curve.' We've done that. This emergency is over, if it ever even started.

To have this extension as "another tool in our tool box" to continue with mandates that restrict the residents of this community is a further overreach of borough government.

Please vote NO.

Respectfully,
Donna Marsh
