*In regards to mail in ballots:*

*Greeting all Members,*

*Mail in elections is the most ridiculous thing I have heard of. Any body can see that this is a partisan move and WE SIMPLY DO NOT NEED IT. Your basing a decision on a (virus) for something that is over 5 months away is not a responsible thing to do. And seriously, this is Petersburg, AK not some little town in Oregon. We do not need to react like any other place because WE ARE ALASKANS and we watch out for each other. I can say, that before any mandates from this borough, most all of the essential businesses had already put safeguards in place to protect customers and employees.*

*The State of Alaska is already opening up and is HEALTHY at this time. As of this writing: Covid 19 cases:*

| Confirmed | Recovered | Deaths |
|-----------|-----------|--------|
| 374       | 291       | 10     |

*If a person does not want to go to the polls because of to many people being there then they can get absentee ballots and/or do early voting. This is just another waste of the tax payers money and I am sure we all feel we pay enough.*

*Thank you for your time, and please do the right thing*
