Subject: Concerning borough mandate # 7 vs. state mandate #14

Hello Assembly members,

We am writing to let you know that we understand and support State Mandate #14. On the other hand , the Borough seems to have taken this benevolent providing for certain groups of people and has added a paragraph that gives the commander and the courts power to force quarantine through court order if people don't consent. This is not benevolent, this is force. This is wrong. We want that particular paragraph removed at the very least.

We do not need a borough mandate at all, simply direct the city manager to use State Mandate #14. Please continue to be sure you are doing the job of representing and not the job of governing.

Thank you,

Alec and Teresa Pfundt
