Ron, your request will be on the December 16th assembly meeting agenda.

Kathy:

Thanks for your reply. Per our editorial on the subject, I would like to make a second request that the entire document in question be released. One of two assembly members might change their mind or the attendance of all members could change the outcome.

Given what happened in Wrangell last year, this is an important discussion that should involve the entire community and the discussion should be very transparent. Thank you.

Ron

Ron,

Thank you for your earlier phone call. I am sorry, but I am unable to release the title of the topic matter for item #2 of the document released earlier to you today. As indicated in the written release, the Assembly could have asserted attorney-client privilege on the whole of the document, but chose to release the great majority. It is at the discretion of the assembly, not the manager, attorney or myself to make a decision on your request. If you desire this matter be brought before the assembly at their next meeting, please provide me a written request. I'll be happy to present it to the assembly.
