Subject: assembly position

Assembly Members:

I would like to be considered for the assembly position that is open at this time until the October election. I have served on the Petersburg City Council and the Petersburg Borough Assembly for several years in the past. I feel I have stayed current with our present issues and have some knowlegable insite into our future challenges.

I would appreciate your thoughtful consideration of me for the opened assembly positon and would be happy to address any questions/concerns any you may have.

Thank you, JohnR. Havrilek
