Hello,

Hope you are doing well. I am taking the time to write to you today about the EOC and its role in Petersburg.

As a long time Petersburg resident it saddens me to see what Petersburg has become with the EOC at the helm. I know that most likely my words will go nowhere but all the same I am writing to you about my concerns. I have seen this town run by the crazy ones over the past year and it is killing this town. Karil Hagerman, Phill Hofstetter, Mark Tuccillo, and a lot of the members of the Assembly have voted/forced this town into a state of fear and seem to be able to do whatever they wish and they continue to go unchecked. I have named a few names and I know that they are in high Petersburg seats, however, they are not Petersburg, they have failed to properly represent the people of Petersburg and seem to be continuing on their own agenda as they please. In many people's opinion the EOC needs to go away. The town is fed up with the craziness: yes, Covid is real and should be taken into account but with that said so should the flu, or a bunch of other possible illnesses, but that is not what the EOC is doing. The EOC is power hungry and having fun playing their game with this town. My wife and I are truly looking at other towns in Alaska to move to as a result of the state Petersburg finds itself in. We both have grown up in Petersburg and have always dreamed of raising our family here, but this is not the Petersburg we were raised in. We would like to continue to live in Petersburg but will not be ruled by the EOC.

Please hear the people and dismantle the EOC and give Petersburg back Petersburg.

Thank you for your time and all you do I am sure that you get a lot of emails and people stopping in. I appreciate you taking the time to read mine.
