Hi Karl,

We need to implement the mandatory wearing of masks in all businesses and the PO ASAP. This is now especially important considering what has been found on the USS Roosevelt and the results of Iceland testing. That being that 50% of those tested were asymptomatic carriers.

Thanks for all of your efforts, you are doing a great job!

Also, the airport should be prohibiting non-passengers from entering the building unless there is a vital need for them to be there to assist someone. Maybe that is the case as I haven't been up there lately.

Thanks again,
Brian
