Subject: Extension of Ordinance #2020-17, Agenda Item 15-A

Mr. Mayor and Assembly Members,

I urge you to extend Ordinance #2020-17. Although Petersburg has had few confirmed cases of COVID-19, we are moving into the busiest time of year for our community and the potential for new cases will increase with the increase in fishing and seafood processing activity. While I dearly hope we will see no or few new cases in our community, we need to keep our ability to take necessary emergency actions to protect public health in anticipation that we will see an increase in new cases. Extending this ordinance does not require that new emergency procedures be enacted, it merely gives the Borough the authority to implement or extend emergency measures if necessary.

Thank you for consideration of my request.

Sincerely,
Brian Lynch
