Re: Crane Dock Widening Project Bid Award

On Tuesday, March 4th, 2014 the Petersburg Crane Dock Widening Project bid opening was held at 2:00 pm in the Assembly Chambers. There was one (1) responsive bid received and opened at that time. The lowest responsive bidder for the projects Base Bid and the one Additive Alternate was Western Marine Construction, Inc with a total bid amount of \$611,500.

The Petersburg Crane Dock Widening Project will be funded through the Designated Legislative Grant #13-DC-425 in the amount of \$800,000 awarded in 2012 to the City of Petersburg on behalf of this capital improvement project. To date, \$83,756 of the funding has been spent in contract with PND Engineers, Inc. on design, engineering and bid preparation as well as \$4,231.00 on bid advertizing and processing. Funding left in the grant is approximately \$712,000.

I recommend moving forward and awarding the construction bid to Western Marine Construction, Inc. for the Base Bid and Additive Alternate #A for their total bid amount of \$611,500. If you agree with this recommendation, please forward it to the Borough Assembly for consideration at their next regular meeting on March 17th, 2014. Thank you.
