RE: Asphalt Crushing and Stockpiling RFP

Reid Brothers Proposes to provide the following:

Services:

1. Mobilization and De-Mobilization of crushing, screening and loading equipment.
2. Plant set up and tear down
3. Crushing plant and wheel loader operators
4. Crushing and stockpiling of 4000 tons of surplus asphalt material
5. Site restoration and cleanup

Equipment list:

Caterpillar 980 H Wheel Loader
Caterpillar 375KW Generator
Kenworth C-500 Tractor
Electrical Switch Gear
Lippman Jaw Crusher with Hopper and Feeder
Thunderbird Impact Crusher
Thunderbird Screen Plant
50' Stacking Conveyor

Experience:

Reid Brothers has crushed large amounts of surplus asphalt in the past. Our impact type rock crusher is ideal for re-sizing and re-purposing asphalt.

Schedule:

We propose to mobilize and set up crushing equipment around the first to second week of September, complete crushing services and de-mobilize by the end of September. We will coordinate with the Borough before mobilization.

Cost:

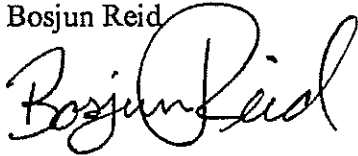

Mobilization and De-Mobilization Cost \$7,740

Crushing and Stockpiling of 4000 tns at \$8.80 pr. ton. \$35,200

Total Cost... \$42,940

Additional Crushing and Stockpiling \$8.80 per ton
