Subject: Extension of Public Health Mandate #05, Agenda Item 15-D

Mr. Mayor and Assembly Members,

I urge you to extend Public Health Mandate #05. Given that the cruise ship season has been significantly delayed, it is prudent to extend this mandate as often and as long as necessary to maintain protections to local public health and to reduce the potential for new cases of COVID-19 being brought into the community via cruise ships.

Thank you for consideration of my request.

Sincerely,
Brian Lynch
