Subject: Mandate

Hello,

I'm writing about the mandate for everyone to wear a mask in public. I can get on board with having to wear one while in a public building but I am not on board with wearing one while in public outside! I already have trouble wearing one inside due to claustrophobia but do it when needed but I will opt out of wearing one for myself or my family if it becomes required to wear one in public outside.

Thank you,
Heidi Cabral
