Subject: hospital board

Dear Mark and Kathy,

I am interested in serving on the Hospital Board, and finishing out the term that is open.
I am a qualified voter within the borough boundaries.
My primary physical residence is in Petersburg.
When we sold our home in Juneau in 2013 Petersburg became our primary residence.
We (Alan, my daughter and I) have spent the last two school years in California while Alan and I do Masters in Public Health (MPH) at UCLA.
We will complete our Masters this June and will be in Petersburg all summer.
However, we will return to California for one more school year while our daughter, Lexi, finishes her senior year in high school.
I would be able to attend the June and July meetings in person, but because of Lexi's school schedule I would have to attend the August and September meeting by speaker phone.
My understanding is that the term of this position is completed in October, 2015.
I am potentially interested in running for a full term in the General election in October, and this would allow me to see if I am a good fit.

I have attached my resume.

Please contact me with any questions.

Sincerely,

Monica Gross
907-957-0542
