November 17, 2014

Dear Mayor Jensen,

My name is Kris Thynes, I am currently a crewman for my husband and we commercial gillnet herring and salmon and also longline for halibut. I returned to fishing in June of this year after working at the Petersburg Medical Center in the business office as a patient financial service representative for 18 months. I am writing to express my interest in serving on the Hospital Board of Directors.

It is my understanding that a couple of board positions were left vacant after the last election and you are seeking individuals who are willing to participate until the next election. I am very interested in serving in one of those positions. Having worked in the hospital business office I feel that I can quickly be brought up to speed on the status of the hospital and be able to provide insight and a working knowledge of hospital billing and accounts receivable.

I look forward to the opportunity to speak with you about the possibility. You can contact me by phone at (907) 518-0743 or e-mail me at fvlaurier@gci.net.

Sincerely,

Kris A. Thynes
