Dear Neighbors and Fellow Fishermen,

I recently received notice that Senator Sullivan will be revisiting the Marine Mammal Protection Act legislation in 2018 and plans to address sea otters. The Petersburg Borough Assembly is requesting your ideas on what changes to the legislation could be discussed to realize a more economically feasible process of harvesting and marketing sea otter pelts or products made from sea otter pelts for those who are legally allowed to harvest.

Please provide comment by mail or email, or by dropping your comments off at the Borough Administration offices located at 12 S. Nordic Drive, Petersburg. Your comments will be shared with Senator Sullivan's office.
