Hello everyone,

It is with regret that I must let you all know that due to personal time constraints, I need to step down from the Historic Preservation Commission, effective today. Please consider this email my notice of resignation.

Attached to this email is a draft of the minutes from the 10/10/2016 meeting. Also attached is correspondence I received from Larry Roberts regarding Fur Farming. When I replied to him, I indicated that I was still willing to support the commission by being a point of contact until a new commission member (and chair) is appointed, or until directed otherwise. I will be passing all of the documents I have to Debbie Thompson.

I am truly sad to be stepping down, as I feel the Historic Preservation Commission is vital to Petersburg's story. It has been a privilege to serve with all of you.

Respectfully,

Janet Holten
