COMMUNITY RECEPTION - Sons of Norway Hall – Reserved for community reception (9/18). (yes?)

Tanya Somerville – 772-4597 or seaprints@gci.net

BANQUET & AUCTION – Sons?

Liz is also seeking sponsors for the participant bags and working with SE Conference on the layout of the facilities for the conference events.

Marilyn Menish-Meucci is the point of contact for arrangement of lodging. She has contacted all local hotels and B&B's. After these are full, she will be handling overflow in the bunk house.

Sally Dwyer reports that she has collected all of the boots for the centerpieces and gifts. She has several of the finished painted rubber boots from her painting group, the Muskeg Maleriers.

Mindy Swihart and Debbie Thompson are collecting gifts for baskets and bags.

Debbie Thompson is in the process of ordering the bags themselves and paper pads and pens, all with logos.

Donnie Hayes is working on WiFi and sound system equipment. He has installed the WiFi and set up the internet. He is working on getting an increase of bandwidth and figuring out how to have a separate private network and guest network. Donnie and Liz Cabrera also figured out how to use the big blow-up screen for presentation use during the conference.
