**To:** Assembly  
**Subject:** CARES act funds

Please vote "yes" on giving the full amount of CARES act funds requested by our school district. It is of utmost importance that the borough assembly do everything possible to help our school manage a plan to start school safely and effectively. A "yes" vote will be one step forward in helping our school board and administrators implement a plan that supports the overall well-being of our Petersburg families.

Thank you for your dedication and efforts during this time, Lea Stanton Gregor
