Dear Kathy:

Please accept this letter as formal notification that I am leaving my position with the Petersburg Medical Center Board of Directors following the meeting of September 25. Having served nearly 14 years on the board, a time of great change and tremendous growth, I feel this is the right time for me to step away.

The community has an excellent medical center with a professional staff providing quality healthcare to all in our community. The integrity of the staff ensures the public will be treated with the utmost dignity. This is something to be very proud of in a small community such as ours.

My years of service were rewarding and I am proud to have been so closely involved with the Petersburg Medical Center.

Sincerely,

A handwritten signature in black ink that reads "Tom Abbott". The signature is written in a cursive, flowing style with a large, stylized "T" and "A".
