STATE OF ALASKA
Division of Elections
Office of the Lieutenant Governor

Notice of Precinct Boundary Changes

On July 14, 2013, the Alaska Redistricting Board adopted new boundaries for the Alaska legislative house and senate districts. Although the Division of Elections is not involved in the redistricting process, we do make adjustments to the boundaries of existing voting precincts if the precinct boundary is affected by a change to the legislative district boundary.

The division has recently finalized the adjustments to the precinct boundaries in those areas affected by legislative district boundary changes made by the Alaska Redistricting Board and have adopted proposed regulations. Although many of the precinct boundaries in the state did not change, the house district number and precinct numbers were changed due to the redistricting process.

The proposed regulations provide a description of all voting precinct boundaries in the state. The proposed regulations and maps of the precincts are posted on the division's website at: <http://www.elections.alaska.gov>.

The public comment period for the proposed regulations is now open. Attached is a copy of the public notice for the proposed precinct boundary regulations. The public notice provides information on how to submit comments if you so desire. Once the public comment period is closed, the division will finalize and adopt the regulations. New voter identification cards listing the new district and precinct designations will be mailed to all registered voters in March.
