**Subject:** Addendum to earlier msg

I strongly urge passage of this temporary emergency ordinance for positive and quick protection locally in any emergency . Ordinance 2020-19 covers quick response to any civil emergency by the Borough Manager or EOC director until the entire Assembly can convene to amend or accept decisions made in the interim.

Thank you for your consideration of my comments.

Additionally, I support and strongly encourage you to vote ultimately to pass Ordinance 2020-19 in 3rd reading
