Anchorage, AK 99501-3579
Sent via email: mary.hermon@alaska.gov

Dear Ms. Brudie,

It has come to our attention that the maps and legal descriptions provided with the *Director's Decision Land Entitlement Certification Under AS 29.65.030 (signed 12/6/2013)* may have been incorrect, and certain lands in the Frederick Point East area of Mitkof Island may actually be within the SE State Forest and therefore not selectable VUU land. Enclosed please find a copy of the map provided to us by DNR for use in our selection process and a similar map published by the DNR showing the SE State Forest.

Obviously, it makes no sense for the borough to select and the DNR to adjudicate parcels that we all know are not available to be conveyed through the municipal entitlement process.

We would appreciate it if the Division of Mining, Land, & Water could provide us an amended Map #7 Petersburg, with the following information:

1. Location and boundaries of parcels included in SE State Forest in the Frederick Pt East area; and
2. Legal descriptions for VUU parcels available to be selected by the borough in the Frederick Pt. East area; and
3. Updated total VUU acreage and SE State Forest acreage within the borough.

This information will help us amend our selections to those parcels available for conveyance to the borough.

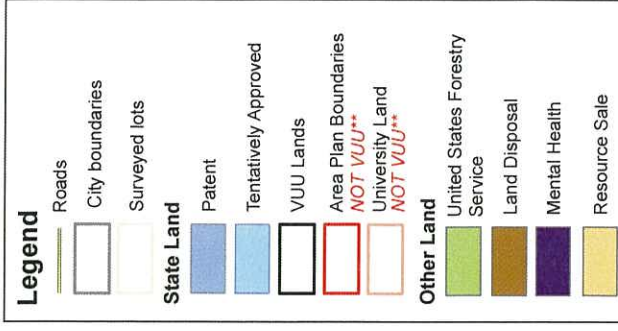

Thank you for your assistance.

Sincerely,

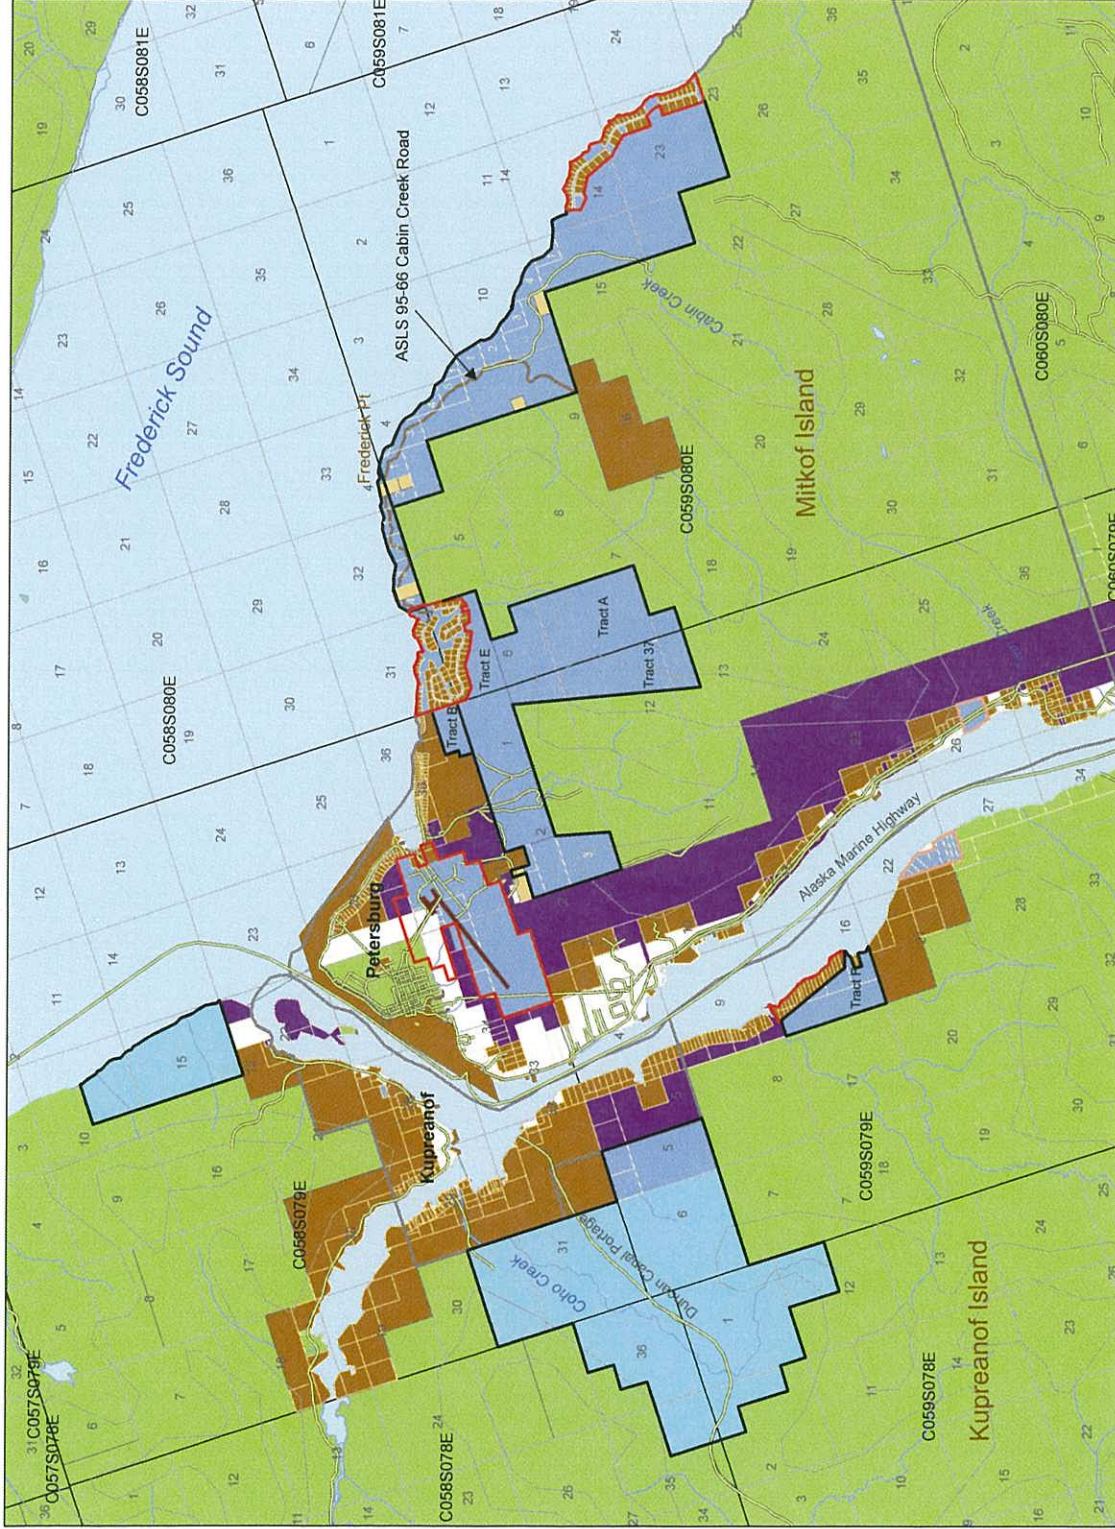

Liz Cabrera
Municipal Land Selection Agent
Petersburg Borough
