I would like to know what is being done for the homeless. All over our nation citys, towns, states are stepping up to house those who are homeless, and helping those in need.

On March 22nd I messaged the borough and asked about helping the people of Petersburg with food vouchers etc. and was told Petersburg did not have a plan for that and they were waiting for the state for assistance. I was told to use local resources, Salvation Army and the Light House Assembly of God.

So, again, what is being done for those who sleep on a different couch every night, using public restrooms to wash them selfs, constantly moving around? Fact: Homeless people are more at risk to get it and spread it.

Respectfully,,  
Lawrence Hofstad
