To: Borough Assembly Members

August 3, 2020

From: Karin McCullough

Because we want to keep Petersburg businesses and services open, and citizens healthy, and we all do, I encourage the Borough to continue to support the use of what Admiral Brett Giroir, MD, (Assistant Secretary of Health at Health and Human Services on NBC Meet The Press, August 2, 2020) calls "smart policies". Dr. Giroir listed, "avoiding crowded spaces, wearing a mask, distancing and hand washing". He said, "Wearing a mask is incredibly important, but we have to have like 85 or 90 percent of individuals wearing a mask and avoiding crowds."

I will continue to wear a mask, and I ask the Borough Assembly to use their voice to support these actions so that our Petersburg Covid19 numbers remain low.

Thank you all for all your work during these changing and difficult times.
