Subject: Resolution 2020-21

Members of the Assembly,

I hope you will pass Resolution 2020-21. I have heard and read many negative comments about building the road. I don't think the people supporting the road gave adequate consideration to those who opposed it.

And the final blow is the bid to build the road was awarded to a Seattle firm, when Petersburg has several companies that could more than adequately handle the job.

Thank you for listening.

Bridget Walsh
