Hello Assembly members,

In an effort to keep the momentum going in regards to early childhood education and childcare I would like to share a link to a webinar happening in December

<https://www.earlychildhoodwebinars.com/webinars/a-stronger-more-ambitious-future-for-child-care-by-albert-wat/>

I plan to attend, along with some SHARE Coalition members and we wanted to take the opportunity to invite you all to the webinar as well. We look forward to continuing our work together.

Thank You
