Mark, based upon your conversation with Debbie,

I am requesting P&Z to reschedule their public hearing to a date when they have a quorum, and to reconfigure the schedule for when the Assembly will be formally asked to approve the revised ordinances. As I understand the conversation, you want to make sure you are available for when the Assembly takes up the ordinances and that all meetings associated with the proposed zoning changes have a quorum. While I do not believe a quorum is necessarily required for a public hearing, I understand your concerns.

If I have any of this incorrect, please let us know.

thanks

Steve

We need to have the discussion at the next meeting about the process we approved (or talked about using) to move the zoning changes forward. Three p&z meetings then three assembly meetings. Thanks.

Mark
