Subject: Petersburg Borough Ordinance #2020-19

Assembly Members,

Please vote to approve Petersburg Borough Ordinance #2020-19.

I listened to the Sept. 10 community meeting discoursing the proposed ordinance, I have read the letters opposed to and in favor of passage of this revision, and I have read the revised ordinance. I believe there are sufficient checks and balances built into the revised ordinance to protect my personal rights.

I think it is in the best interest of our community to pass this ordinance and move on.
