Subject: Harbor board

Good morning, I am sending you this email to request that I maintain my seat on Petersburg harbor board. I understand this will be a one year, short term stint Anand I will have to re-run next October.

I completed all the paperwork to have my name on this year's election, but during the transition from Icicle Seafoods to OBI seafood's my email server lost several outgoing messages. I know I should've checked to ensure that you received it, but with the level of Covid response we were dealing with it fell through the cracks.

I hope the assembly OK's this, I enjoy my time on the board immensely and look forward to serving the town of Petersburg for the next year.

Respectfully, Donald F Spigelmyre
