To whom it may concern. I will make this short and sweet.

These masks are absolutely ridiculous and infuriating. They have completely turned the populous against one another, just like opposing political parties. One side is right, the other side is wrong.

Almost everyone OUT AND ABOUT does NOT wear a mask. And why should they? These masks are not doing anything but installing fear into the hearts of the wearers (for fear of dying) and non wearers (for fear of backlash and anger from the wearers) alike.

All I can say is, the assembly has done a superb job in driving a rift between the community of Petersburg, and it has become a town of tattle-telling and accusations. We are being run through the gauntlet and it has to stop.

If one wishes to participate in this fear-mongering, then let them. If there are those who do not wish to give into fear, let them.

Have a good day.
