Subject: Extend Corona protocols ie Mask rules

Hello Mayor Jensen and Assembly:

We are proud of Petersburg's handling the corona pandemic. Places around the US started to drop the "rules" when a bit of improvement - WRONG, # immediately started spiking up. Now we are in the vaccine process and for sure, Petersburg is outstanding in the procedure with STaff and volunteers, ie Volunteer Fire Dept, US Coast Guard and many more - getting the injection. As the pros throughout USA, States and local government still caution and stress, keep following all protocol, it is not over yet! PLEASE VOTE TO KEEP MASK RULES IN PLACE! Karen Hofstad
